VOL. XIX. NO. 65.

CHARLEROI, WASHINGTON CO., TUESDAY, AUGUST 20, 1918.

TWO CENTS

## CHARLEROI BOY HAS UNUSUAL EXPERIENCE WHILE AT SEA

Transport, Returning To Port, Attacked By A Submarine

GETS BEST OF THE PIRATE

Seward H. Might, a member of Co. L, 64th United States Infantry, returned home this morning very unexpectedly on a 48-hour furlough, after an exciting and unusual experience, such as falls to the lot of few people to undergo.

His regiment, as well as a large contingent of United States troops were on the way overseas, when the ship on which his regiment was quartered, broke a propeller, compelling the boat to leave the convoy and begin the return journey to an Atlantic port. The accident happened when the vessel was about two days out, during which time the convoy was well out to sea. On the return voyage the vessel was attacked by a German submarine, and an exciting battle ensued. The ship was crowded with soldiers, who watched the progress of the battle with the greatest interest, their safety depending upon the outcome of the contest. The gunners on the transport proved themselves to be good marksmen however, for, as Mr. Might said, they "busted" the sub and the battle was over.

After being at sea four days the vessel was successfully docked and the regiment disembarked and returned to camp to await further orders as to embarkation for overseas duty. Mr. Might took advantage of the situation, applied for a 48-hour leave of absence and started for home on the 5 o'clock train from New York Monday afternoon, arriving in Charleroi at an early hour this morning. He will spend the day at home, and will return to his regiment in time to report at the expiration of his 48 hours Wednesday afternoon.

The experience through which Mr. Might passed during the past week is very unusual. Other ships loaded with troops have had to return because of some minor trouble with machinery, but this is the first time in the history of our transport service that a boat loaded with soldiers has been attacked so near our own shores. As the vessel was not under convoy at the time the German sub no doubt deemed it a favorable opportunity to make the attack, but the naval men who manned the guns of the transport were evidently experts, for their shots told and that particular submarine will bother no more ships in the Atlantic ocean.

MAKE ANNOUNCEMENT OF THEIR WEDDING

Announcement was made today of the marriage of Miss Mary A. McGee, daughter of Mr. and Mrs. Michael McGee, of Monessen, formerly of Charleroi, and Samuel Peters, which event occurred in Pittsburgh on the 12th of last January.

"All male persons who have reached their twenty-first birthday since June 5, 1918, must register on August 24, 1918. These men should consult with the local draft boards as to how and where they should register."

## OFFICERS NAMED FOR COUNTY COMMITTEE

Republican County Chairman A. C. Lewis has announced the following officers for the Republican county organization:

Secretary—Harry R. Campbell. Assistant Secretaries—Carl D. Schultz, Clyde S. Pipes and Robert E. Burnside.

Executive Committee—W. B. Culley, Burgettstown; W. J. Reese, Theodore Straub, Canonsburg; R. H. Rush, J. J. Eott, Charleroi; Joseph Edwards, California; W. J. E. McLain, Claysville; W. E. Lahn, Ellsworth; Lee M. Crowthers, Fredericktown; W. S. Lockhart, McDonald; DeWitt C. Parkinson, Wilkeson; K. Vance, Monongahela; R. L. Munce, Washington; Dr. W. D. Martin, Sparta; E. O. Parkinson, Old Concord; Harry A. Cox, W. J. Delaney, Donora; Charles Miller, Beallsville; Col. James E. Barnett, John H. Donnan, R. G. Lutton, J. F. Carmichael, J. V. Clark and J. Boyd Cramrine, Washington.

## REGISTER NOW

Our government is in urgent need of thousands of trained office workers. Business firms making war materials are also in need of young women and boys, under the draft age, as accountants, stenographers, bookkeepers, and clerks.

This work must be done and is just as essential as the actual fighting.

High school students and others with a good general education, who can prepare quickly are urged to take up this work.

This school offers you the opportunity to qualify in the shortest time possible. Our teachers are experts, our equipment the very best, and our Twentieth Century Bookkeeping and Modern Paragon Shorthand enable you to save several months time, and the salary you can earn in this time will far more than pay for your course. Call, write, or phone for full information.

DOUGLAS BUSINESS' COLLEGE, Charleroi, Pa. A 20-22

France has lost 2,600,000 head of cattle since the war began. Doesn't this explain why we are asked to conserve our own beef supply.

## Miners Are Asked To Postpone Picnic Date

Owing to pressure brought to bear upon A. S. McSwigan, president and general manager of the Kenneywood Park, by the mine operators of the Pittsburgh district, asking that the annual picnic of the United Mine Workers of America be held on Labor Day, September 2, instead of on August 31, the day advertised, Mr. McSwigan sent a letter yesterday to John Wilsey, at Elizabeth, Pa., asking that the request of the operators be granted. Mr. Wilsey is president of the miners' picnic organization.

## SOME MYSTERY

ABOUT THIS MAN

Several days ago a man of foreign birth, who claimed to be an Italian, and who was in uniform, was seen on the streets of Belle Vernon under the influence of liquor. A day later he was seen in the same condition, and the Belle Vernon police were compelled to lock him up. No one seemed to know him, yet he was able to get liquor from some source. Burgess Boyd, having sympathy for the man and respect for the uniform, overlooked his fault and gave him some good advice. He also gave him back his money in the bargain. Several interpreters were called, but were unable to make out what the man had to say.

He was discharged and advised to return to his camp, wherever it was. He came to the west side, and Constable George Popp, who was going to Brownsville, made an attempt to get something definite out of the man. Maybe he would go to Pittsburgh. Officer Popp drew his own conclusions and asked the man to return to Brownsville, and he readily consented. There he was turned over to the Board of District 8 of Fayette county. He was closely questioned, during which he said his camp was in Georgia, and then in South Carolina. He had been in camp since July 4, and was there six weeks, and had been off on a furlough for three weeks. He had nothing on him to show where he was from, and the only mark he had on him was a round tag tied about his neck, which had a number printed thereon. A telephone message to Pittsburgh threw no light on the subject so he was locked pending further investigation.

There are 170,000,000 cups of tea and coffee consumed every day in the United States. If an average of half a teaspoonful is left undissolved in the cup, it means a waste of 1,700,000 pounds of sugar daily. Moral: Stir your beverages well and get the utmost out of every grain of sugar.

Mrs. William J. Eneix of New York is visiting with Mr. and Mrs. James Eneix of 18th street.

## SERVICE FLAG FOR

BOYS OF LOCKVIEW

The mothers and relatives of the young men from Lockview, at Bridge 2, honored the young men from that locality, twelve in number, who have answered the call of their country and gone into the military service of the United States. The flag contains stars for Amos and Joseph Richardson, Charles Sutherland, Fred Befellens, Russell Befellens, Alonzo Emerson, Edward Emerson, Wilson Piper, Emil Felski, Carl Simpson, Darry Gaskins and Clyde Yowler. No ceremonies attended the raising of the flag, which flies just under the national emblem from the pole in front of the school house, a silent tribute of the community in honor of the boys who are preparing themselves to sustain their country in its contest to make the world safe for democracy.

## MUST USE ALL THE

AVAILABLE MEN

To put 80 divisions of American troops in France by the first of next June, will take every available man between 18 and 45, according to a statement made by Gen. March in Washington on Monday. He further said that we must not delude ourselves with the idea that those in the 16 and 19 calls are going to be deferred any length of time. They will have to be called early next spring in order to get their training in time to get to France. While the 80 division plan depends upon shipping, government officials say that the shipping board will have all the vessels necessary for the transportation of troops in readiness before the men are ready to sail. The program calls for the shipment of 250,000 men each month from Atlantic ports to France, in order to keep the American army at the size desired by the war department.

Mrs. J. G. Steinbaugh, son Byron and daughter Fehr of Charleroi and Mrs. William Pritchard of Monessen are visiting at Wheeling, W. V.

## CAPTURE OF LIEUTENANT J. E. GEE IS OFFICIALLY CONFIRMED

VESTA MINE NO. 5 HAS A GOOD OUTPUT

Vesta mine No. 5 of the Vesta Coal company, located near Fredericktown, has been maintaining a steady output of coal for several months past, which is very gratifying to the men in charge of the works. The production is keeping to a close average of nearly 5,500 tons daily. About 1,400 men are employed at this plant, which is one of the largest on the Monongahela river.

## ONE INJURED WHEN AUTO TURNS OVER

Mr. and Mrs. Frank McMahan and their daughter, Mrs. Carl Sautter, of Webster, had an exciting experience Friday evening last while driving their automobile on the brick road between Monessen and Webster. They were on their way up the brick road toward Monessen, with Mrs. Sautter driving. She attempted to turn on to the Turkey Hollow road, but made too wide a swing and the car went over a 15-foot embankment on the river side. The car turned over twice and it was almost a miracle that the occupants were not killed. Mrs. McMahan was seriously injured, sustaining a broken shoulder and shoulder blade, and three ribs broken on the right side, as well as internal injuries. She was taken to the McKeesport hospital for treatment.

First aid was soon on hand and the people taken from the wreckage. In fifteen minutes there were three physicians on the ground, Drs. Lewis and Troth, of Donora, and Dr. Sutton, of West Newton, who happened along at that time. No material damage was done to the car, except the breaking of the windshield and some damage to the top. The machine, as soon as righted, was driven home with its own power.

## DRAFT CLERKS MUST BE PUT INTO SERVICE

A telegram was received at state draft headquarters in Harrisburg Monday afternoon, from Washington, for the induction into the United States service, either as privates or non-commissioned officers, of clerks at state draft headquarters and chief clerks of local, district and medical advisory boards. The men are to be taken from Class 1, qualified for special or limited military service, or from deferred classes in some instances.

## HOME DEFENSE POLICE

The First Platoon of the Charleroi Home Defense Police will meet at the ball ground tonight at 7:30 o'clock for drill. Wear uniform, without coat.

Is Held In German Prison Camp at Rastatt With Other Officers

WAS TAKEN ON 15TH OF JULY

Official confirmation of the capture of First Lieutenant James E. Gee, of Company A, 110th Regiment, and his internment in a German prison camp, was made Monday afternoon, by the government. Lieut. Gee was attached to Company B, of New Brighton, on the 15th of July for observation, the purpose being to return to his Company when he had gained the desired information, that it might be utilized when other portions of the 110th regiment made an advance.

As it happened, however, Companies B and C, which made the advance that day, were almost completely surrounded by the Germans and it was only with the greatest difficulty that these commands were extricated from the pocket in which they found themselves. As it was quite a number of them were captured, among them being several officers of both Companies, Capt. Truxal, of Company C, from Somerset, being one of the victims, while Lieut. Gee was another.

They are confined in the German prison camp at Rastatt, near the Switzerland border, and unless their exchange is provided for, will be compelled to remain there, or in some other prison camp, until the expiration of the war.

A number of letters arrived in Monongahela Monday morning, telling of the wounding of a number of the boys of Company A, among them being Dale Wightman, Harold Collins, a young man named Heylman, of Donora, as well as Lieutenants Martin and Chambers, of the same Company. The 110th Regiment has been in quite a number of engagements since the 15th of July, and from reports received from the front the boys have made a splendid record, one which reflects the greatest credit in the fighting abilities of the American soldier. Other letters are anxiously awaited from the front by parents and relatives in this section of Washington county, that they may know how everything is going with the boys who are now in the midst of the fighting on the western front.

## MAY RECLASSIFY SOME MARRIED MEN

The draft board at Donora mailed out notices today to all married men in the present draft age, who are at present in the deferred classes, but who have no children, to appear before the Board on the 21st and 22nd of August, to submit proof and show cause why they should not be placed in Class 1-A.

## Feels Fine, Says Mrs. John Hogan

She Now Testifies That Tanlac Has  
Improved Her in Every  
Way.

"Tanlac has made me feel fine," declared Mrs. John Hogan, of Bridgeport, Pa.

"I learned of it through my son, who brought me the medicine about a week ago, and I began taking it.

"Owing to a bad, weak stomach, I have eaten very little for years, and, naturally, my strength and vitality became very much lowered. Food seldom agreed with me, even the lightest kinds causing distress after eating. I had spells of bloating, shortness of breath, palpitation, dizziness and headaches. Months and months of such misery are sure to undermine the health of any woman. I finally grew very nervous and could not rest well at night.

I am now feeling the best I have in years. Tanlac relieved me immediately. The second day my appetite increased. I really was hungry and the grandest thing of all is that eating did not hurt me. Tanlac strengthened my digestion and I do not have bloating or shortness of breath. The palpitation, headaches and dizziness have also gone.

"Tanlac has made a new woman of me. I feel better every way. My nerves are better. I have plenty of

strength and never have a bit of trouble sleeping. Tanlac is different from all other medicines. It is remarkable."

Tanlac, the celebrated Master Medicine is now sold here by Piper's Pharmacy.

### CARD OF THANKS

We wish to express our thanks to friends and neighbors for their sympathy and kindness extended to us in our late bereavement in the death of our son William, and for the many floral tributes which came in such profusion.

## Great For Emergencies

San Cura Ointment Should Be in  
Every Home

There never was known a more reliable ointment than San-Cura. In most every case where it has been used it has created astonishment. It drew a needle out of the foot of the daughter of Mrs. James Hitchcock, of Centerville, Pa., after the doctor had used his lance and failed.

It has great healing and antiseptic value. It possesses so much healing virtue that it is guaranteed by Henning's Drug Store and Piper Bros., Druggists, to relieve any kind of piles, eczema, tetter, salt rheum, boils, carbuncles, ulcers, all kinds of chronic sores, chilblains and chapped hands, or money back.

It's a mighty handy remedy to have in the house in emergencies for bruises, burns, cuts or scalds, because it relieves the pain and is antiseptic and healing. It's a medicine chest in itself—a little family physician that is ever in demand. 30c, 60c and \$1.20 a jar at Henning's Drug Store and Piper Bros., druggists.

### BEST SKIN SOAP

Is San Cura Soap, because of its great antiseptic and healing virtues. Use it regularly, and it will make the skin soft and velvety; will remove pimples and blackheads. It's the real soap for babies' tender skin, which mothers of infants should remember. 25 cents a cake at Henning's Drug Store and Piper Bros., Druggists.

If your druggist does not have it, send to Thompson Medical Co., Titusville, Pa. adv.

## VESTABURG IS

### RAPIDLY GROWING

Within the last few weeks construction of a large number of new houses has been started at Vestaburg, near Fredericktown, which when completed and occupied, will add materially to the population of that growing mining center. The new houses are being erected by the Harris Construction company of California. Aside from these the same company is completing 15 six-roomed houses on the hill at Vestaburg. These houses are more modern and contain up-to-date conveniences. They will be occupied by the foremen who head the various departments at the plant.

When these new residences have been completed the town of Vestaburg will contain more than 350 houses and the population will be between 2,500 and 2,900.

## COMPELLED TO

### KISS THE FLAG

Fayette City had some excitement one evening last week, when Peter Vincent, more familiarly known as "Big Pete," was taken from his bed and placed in the lockup, from whence he was taken the following day to the county jail at Uniontown.

The taking of Vincent from his boarding house was attended with some features which might have led up to trouble, had not cool heads prevailed. For the man had been charged with making disloyal remarks and the crowd was in no mood to temporize with him.

When he was brought out of his boarding house he was marched down Fording street to Water, thence to Market, and from there to the corner of Main, where he was compelled to kneel on the street and kiss the American flag. He was then escorted to the lockup, and placed behind the bars.

It developed that no one in the crowd had heard Vincent make the remark, which he vigorously denied; further, he declared that he carried no fire arms at any time. When the police went after Vincent to lock him up to protect him from any mob which call upon him, he was found drunk in bed, and the officers were compelled to call for additional help. This was soon volunteered and the man was carried to the streets in his night clothes. However, suitable clothing was soon provided, after which the crowd marched the man to the corner of Main and Market streets, where he was compelled to show some act of loyalty. An investigation will be made into Vincent's recent actions to determine whether he was guilty of any disloyal remarks.

Since the government has taken over the railroads it is rather interesting to watch the cars on the average freight train. If there are twenty cars in a train it is a pretty safe bet that about as many different railroads are represented. That is, the names of that many different railroads will be found printed on the cars. All sections of the country are represented, some that are seldom heard of in this vicinity. A Soo line car may be followed by a Maine Central, and so on through the whole list. This refers more particularly to miscellaneous freight cars. Coal cars are mostly those of the roads operating in this zone.

## RELATED WITNESSES FINED BY THE COURT

Five witnesses subpoenaed in illegal liquor selling cases and failing to appear in court when they were called on Monday, learned to their sorrow that it would have been much cheaper to have responded when their names were called. Bench warrants were issued and they were arrested. When brought before the court they were each fined \$5 and costs. All gave excuses for not being present, but the court did not consider them.

## LOTS OF HUNTERS IN PENNSYLVANIA

The hunting license returned to the state for all of last year amounts to upwards of \$800,000. This license is collected in the fall and paid to state by the county treasurers. However, late settlements show an increase in receipts this year over last of \$18,225.00. The state received during the past eight months \$74,992.30 as compared with \$57,866.61 last year, and non-resident fees this year amounted to \$4,177.75, and \$1,578.38 last year.

## MARIANNA FRIEND OF KAISER INCARCERATED

Alleged to have commendatory remarks about the Kaiser Sunday night at the Pennsylvania station in Homestead, John Mitroch, aged 45, a Russian miner of Marianna was attacked by several Homestead men and boys. County Detective Bell saved Mitroch from serious injury, but he was beaten severely. Mitroch was lodged in the Homestead police station, to be turned over to the Federal authorities.

## JURORS SCARCE AT OPENING OF COURT

There was a dearth of jurors at the opening of the August term of criminal court at Washington Monday afternoon. Less than half those called answered their names. The Sheriff will be asked to call in talesmen.

### Never Too Old to Learn.

"I seem to learn something new every day," said a woman who was well known as an expert housekeeper and clever with her fingers. "Once I thought nobody could teach me anything now I am willing to learn all the time, and that I can learn something new from nearly everybody I meet. If we go on like this we shall become in time a really clever nation." There are still, however, a few unhappy women who refuse to move with the times and to get out of the groove their grandmother got into; their housekeeping, he it said, is far from enviable.

### German Soldiers' Hard Lot.

A German soldier's pay is roughly equivalent to that of a day. But out of this he must contribute about 1 1/2 a day toward the cost of his dinner. Apart from the dinner, generally some kind of Irish stew, he gets nothing but black bread and alleged coffee, so most of the remaining three pence must be expended on additional food. Even the meager balance is not at his disposal. It is carefully kept in a small bag opened periodically for the inspection of the soldiers' officers, and if he can be convicted of the least extravagance he will be severely punished.—London Chronicle.

### Birds Eat Dangerous Insects.

Insects are known to spread diseases among men and domestic animals. This is particularly true of mosquitoes, which are well known as distributors of malaria and yellow fever. These dangerous insects are destroyed in enormous numbers by nighthawks, whippoorwills, swallows, swifts and flycatchers. The larvae, which swarm in standing water, are eaten by ducks and other marsh-inhabiting birds. Flies are also famous germ carriers. They are eaten by practically all species of birds, and thus much contagion is prevented.

### An Utter Pessimist.

"There's only one chance in seventeen billion for a mistake in finger prints." "That's enough to have it happen to me."

### The Good Point.

"This portrait of your wife, my dear fellow, is well painted, but I can't say it is a speaking likeness of her." "That's the beauty of it."

## Woman Thinks She Is Privileged to Talk

"If anyone ever had a miserable stomach I surely had. It was growing worse, too, all the time. Had severe pains and attacks every ten days or two weeks and had to call a doctor, who could only relieve me for a short while. Two years ago last February I took a treatment of Mayr's Wonderful Remedy and I have not had a spell of pain or misery since. My friends just wonder that I am looking so well. I feel I am privileged to talk about it." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver, and intestinal ailments, including appendicitis. One dose will convince or money refunded.  
Piper's Pharmacy, Carrol's Pharmacy and druggists everywhere.

Good Shoes Cheap

## "CAUGHT WITH THE GOODS"

Shame, Fear, Deceit and a Guilty Conscience all come wrapped up in the mail order package. We should never be ashamed to look a neighbor in the face. In a community like ours, all are neighbors and friends, working together. Our interests are common. We are all in business together. Our business is home town development. Unlike the overcrowded city, our community has a soul. We tamper with our community-soul whenever we boycott home interests. Then let us keep our conscience clear, let us so live that we can at any time look our neighbors in the face, knowing that no action of ours is holding back the progress of our own home town.
